Feel to *your* Bathroom

A photograph of a stone tower, likely a round tower, situated on a grassy hill at night. The tower is illuminated from within, with a red light at the top. The sky is dark with many stars visible. The foreground shows the texture of the grass and some bushes.

Introduction

Drawing on many years combined experience in the industry, Aqualla offers a unique range of bathroom components, blending distinctive designs with practicality for both classic and contemporary living.

To demonstrate our commitment to our customers, we offer an 18 year warranty on all of our taps, showers and accessories, and a 5 year warranty on all of our towel warmers, radiators, mirrors, cisterns and flush plates.

This brochure is designed to give you an overview of our product portfolio, and we have included a water drop beside each tap and shower product, indicating the minimum working pressure required.

For Example:

- 0.5 0.5 bar is equal to 5 metres
- 1.0 1.0 bar is equal to 10 metres
- 2.0 2.0 bar is equal to 20 metres

PRESSURE KEY

Build Your Own Perfect Shower

At Aqualla, we know that every single one of our customers is unique, and this extends to their choice of shower.

That's why with the Your Choice range, you design your own shower package; exactly how you want it.

Simply follow the steps below:

STEP ONE

- Select your valve style
- Choose 1, 2 or 3 outlets depending on how many water functions there are

STEP TWO

- Select your shower head and arm

STEP THREE

- Select a slide rail kit, or a wall outlet and handset holder kit

If you choose to add a separate accessory such as a slide rail kit, you'll require a shower valve with 3 outlets.
